1. Welcome to SchoolSphere

This guide explains, in plain and simple language, how to use the School Management System. No matter which role you have — School Admin, Teacher, Student, Parent, Accountant, Librarian, Transport Manager, or Office Staff — this guide will walk you through logging in and using your part of the system, step by step.

You don't need any technical knowledge to use this system. Every screen is built to be simple: click, fill in the details, and save.

2. How to Log In

Everyone — whatever their role — logs in the same simple way:

1. Open the School Management System link given to you by your school, in any web browser.
2. On the Login screen, type your **User ID**. This is usually the email address your school registered for you.
3. Type your **Password**. Your school gives you this when your account is first created.
4. Click the **Login** button.
5. You will land straight on your **Dashboard** — a home screen made just for your role.

Tip: If you forget your password, do not try to guess it. Ask your School Admin to reset it for you (School Admins should contact the Super Admin/support team).

Safety: Always click **Sign Out** from your Profile menu when you finish, especially on a shared or public computer.

3. Understanding Your Screen

- **On a computer:** a menu list (the sidebar) sits on the left with all your pages. The bar on top has Search, a Notifications bell, and your profile picture.
- **On a phone:** a row of icons sits at the bottom of the screen for your most-used pages. Tap the menu icon (three lines) at the top to see everything else in the full menu.
- **Dashboard (Home):** the first screen you see after logging in. It shows quick shortcuts to your most-used pages and short summaries, like pending fees or today's attendance.
- **Notifications bell:** shows updates and alerts meant for you.
- **Profile:** tap your photo or name to view your profile, upload a new photo, or sign out.

4. School Admin Panel

"You run your school's entire account."

As School Admin, you run your school's entire account. You can see and manage students, staff, classes, fees, exams, and every setting for your school.

How to Add a New Student

1. Click **Students** in the left menu.
2. Click the **+ Add Student** button at the top.
3. Fill in the student's details: Full Name, Admission Number, Class, Roll Number, Admission Date, and Date of Birth.
4. Add Email and Phone if you have them (optional), and Blood Group / Address if needed.
5. Under **Parent / Guardian**, pick an existing parent from the list, or add a new parent's name, phone and email.
6. If the student should be able to log in themselves, turn on **Portal Access** and set a password (at least 6 characters).
7. If the student uses the school bus, choose the Bus Route and their Pickup/Drop point.
8. Click **Save**. The student now appears in your Students list, ready to use.

Tip: To change or remove a student later, open them from the Students list and use the Edit or Delete button there.

How to Add a Teacher or Staff Member

1. Click **Teaching Staff** (for teachers) or **Non-Teaching Staff** (for office, accounts, library or transport staff) in the left menu.
2. Click **+ Add**.
3. Fill in their name, designation, department, contact details, and joining date.
4. Turn on portal access if they need to log in, and choose their department (Admin / Accounts / Library / Transport) — this decides which panel they will see.
5. Click **Save**.

Everything Else You Manage

- **Classes & Sections / Subjects:** create classes, sections and subjects, and assign a Class Teacher and subject teachers.
- **Admissions:** track new enquiries before they officially become an enrolled student.
- **Attendance:** view attendance marked by teachers, and correct it if needed.
- **Fee Structure / Fee Collection / Pending Fees / Fee Reports:** set fee amounts per class, record payments, see who still owes money, and view collection totals.
- **Payroll & Salary:** process staff salaries and view payslips.
- **Examinations & Results:** schedule exams and publish results.

- **Library:** manage the school's books and loans.
- **Transport:** manage buses, drivers, routes and student assignments.
- **Certificates & Documents, Events, Notices:** issue certificates, plan events, and post school-wide notices/announcements.
- **Roles & Permissions:** decide exactly what each staff role is allowed to see and do.
- **User Management:** create and manage every login account for your school.
- **School Settings:** update your school's name, logo, address and academic year.

5. Teacher Panel

"Everything you need for your own classes."

As a Teacher, this panel is built around your own classes and students.

- **My Classes / Students / Subjects:** see the classes, students and subjects assigned to you.
- **Timetable:** your weekly teaching schedule.
- **Attendance:** mark daily attendance for your class — tap each student to mark Present, Absent, Late or on Leave.
- **Homework:** post homework/assignments for your classes and review what students submit.
- **Examinations & Results:** enter marks for the subjects you teach.
- **Class Leave:** approve or reject leave requests from your students, if you are their Class Teacher.
- **Teacher Leaves:** request your own leave.
- **My Attendance:** mark your own daily check-in and check-out.
- **My Salary:** view your salary history and payslips.
- **Notices:** read school-wide notices and announcements.
- **My Profile:** update your phone number and upload a profile photo.

6. Student Panel

"Your personal learning space."

As a Student, this panel is your personal learning space.

- **My Subjects, Timetable, Homework:** everything about your day-to-day classes.
- **Examinations & Results:** see your exam schedule and your results once published.
- **Attendance:** see your own attendance record.
- **Fees:** see what fees are due and pay them online.
- **Transport:** see your assigned bus, driver and pickup/drop time. You can also report a transport issue if something is wrong.
- **My Leave:** request leave, for example if you are sick.
- **Holidays, Certificates & Documents, Library, Notices:** general school information and your library book loans.
- **My Profile:** update your contact details and upload a profile photo.

7. Parent Panel

"Follow every child's school life in one place."

As a Parent, you can follow one or more of your children from a single account. If you have more than one child in the school, use the "Switch Child" option at the top of the page to move between them.

- **Child Profile, Attendance, Timetable, Homework, Exams, Results:** everything about your child's school life, in one place.
- **Fee Details / Pay Fees / Payment History:** see what fees are due for your child, pay them online, and see receipts for past payments.
- **Leave Requests:** request leave for your child.
- **Transport:** see your child's bus, driver and pickup/drop details. Report a transport issue if needed.
- **Holidays, Notices:** general school updates.

8. Accountant Panel

"Every rupee in and out of the school, tracked."

As an Accountant (Accounts staff), you handle all of the school's money matters.

How to Collect a Fee Payment

1. Click **Fee Collection** in the menu, and find the student.
2. Click **Collect Payment**.
3. Choose the payment method (Cash, UPI, Card, Bank Transfer, Cheque, or Online).
4. Enter the amount received and an optional reference number.
5. Click **Save**. A receipt number is generated automatically.

Everything Else You Manage

- **Fee Structure:** set fee amounts for each class.
- **Pending Fees / Overdue Fees:** see which students still owe money.
- **Discounts & Concessions:** apply a discount or scholarship to a student's fee.
- **Refunds:** refund a payment when needed.
- **Transactions / Payment History / Receipts:** the full record of every payment made.
- **Expenses, Expense Categories, Vendors:** record what the school spends money on, and who it pays.
- **Payroll (Salary / Salary Payments / Payslips):** process staff salaries.
- **Invoices:** track bills owed to vendors.
- **Financial Reports:** collection, outstanding dues, expenses, payroll, and income-vs-expense summaries.
- **Financial Settings:** choose which payment methods staff can accept.
- **Staff Leaves, My Attendance, My Salary, My Profile:** your own staff tools.

9. Librarian Panel

"Keep every book, loan and return in order."

As a Librarian, this panel runs your school library.

- **Library - Books:** add new books and copies to the catalogue.
- **Library - Circulation:** issue a book to a student or teacher, and record it when it comes back. Overdue books are flagged automatically.
- **Library - Members:** look up any student's or teacher's current and past loans.
- **Staff Leaves, My Attendance, My Salary, My Profile:** your own staff tools.

10. Transport Manager Panel

"Every vehicle, driver and route, safely tracked."

As a Transport Manager, this panel runs the school's buses and vans.

- **Transport (Fleet):** add a vehicle with its number, capacity, route, stops, and pickup/drop times — plus its registration, insurance, fitness and pollution certificate expiry dates.
- **Drivers & Attendants:** add driver and attendant profiles (license, phone, status) and assign each one to a vehicle.
- **Student Transport:** assign a student to a vehicle/route, and set their pickup and drop point.
- **Transport Attendance:** mark whether each student boarded and was dropped, per vehicle, each day.
- **Maintenance:** log every service or repair, its cost, and the next service due date.
- **Complaints & Safety:** log and resolve any safety incident or complaint raised by a parent, student, or staff member.
- **Transport Fees:** a read-only view of transport-fee collection (Accounts handles the actual payments).
- **Transport Reports:** fleet, driver, student, attendance, maintenance, fee and complaint summaries, all in one place.
- **Staff Leaves, My Attendance, My Salary, My Profile:** your own staff tools.

11. Office Staff Panel

"General front-office support for the school."

As Office Staff (Admin department), you provide general front-office support to the school.

- **Students / Admissions:** help manage student records and process new admissions.
- **Staff Leaves, My Attendance, My Salary, My Profile:** your own staff tools.
- **Notices, Library, Events:** general school information.

12. Super Admin Panel

"The platform behind every school."

The Super Admin role is not part of any one school — it manages the whole platform that every school runs on.

- **Schools:** see and manage every school using the system.
- **School Admins:** create and manage each school's admin login.
- **Leads & Onboarding, Subscriptions, Plans & Features, Revenue & Payments, Renewals:** the business side of running the platform — new schools signing up, their plan, and their payments.
- **Support Center:** handle support tickets raised by schools.
- **Announcements:** send platform-wide announcements to every school.
- **Feature Control:** turn specific features on or off, per plan.
- **Security & Audit:** review platform-wide activity logs.
- **Settings:** platform-wide configuration.

13. Things Everyone Can Do

- **Notices & Announcements:** read updates posted by the school.
 - **Notifications:** the bell icon shows alerts meant for you.
 - **Profile:** click your photo or name to update your phone number and upload a new profile photo from your device.
 - **Holidays:** see the school's holiday calendar.
 - **Sign Out:** always sign out when you finish, especially on a shared device.
-

14. Frequently Asked Questions

Q: I forgot my password. What do I do?

A: Do not try to guess it. Contact your School Admin (School Admins should contact their Super Admin/support team) — only they can reset it for you.

Q: I don't see a page I need. What's wrong?

A: Your account's role decides which pages you can see. Ask your School Admin to check your role and permissions under "Roles & Permissions."

Q: Can I use this on my phone?

A: Yes. Everything works on mobile. Use the icons at the bottom of the screen to move around, and tap the menu icon (three lines) for anything not shown there.

Q: How do I know my fee payment worked?

A: A receipt number is generated automatically. You can find it under "Payment History" (or "Fee Details" if you are a parent or student).

15. Need More Help?

For anything related to your account, your data, or your permissions, contact your **School Admin** first. For technical problems with the software itself, your School Admin can raise it with the platform's support team.
